DESIGNING FOR LIFE

---

## Who we are.....

GadARCH Design Services are a family run Architectural Design and Building Surveying practice with the aim of providing a first class, professional and client focused service. We believe that form must be subservient to function and that every project should be designed to include features that are future proofed, hence our banner 'Designing for Life' . It is also our passionate belief that the client will have a far better understanding of their environment. Therefore, our role through skilful questioning, is to correctly determine the clients priorities and establish a clear design brief.

## Our mission statement.....

The Company's mission is to provide a caring, personal service to all of our clients, regardless of the size of the project or organisation. We care about what we do and our aim is to ensure that all of our clients are completely satisfied with our services, would use our company again and recommend us to others.
